TOSHIBA

Setting up Chromecast[™] built-in TV

The first time you turn on your TV, the initial setup wizard guides you through setting up your TV including the Chromecast built-in setup. You can use either an Android or iOS mobile device to set up your TV.

Note: The setup screens you see may vary if you have additional Chromecast devices in range of your TV.

Using an Android mobile device

1 Make sure that you:

 (\bullet)

- If your device has a smart network switch option, turn it off under the Wi-Fi menu in the settings app.
- Install the remote control batteries and connect the power cord.
- Connect the correct device to watch standard broadcast TV channels using a cable box, satellite box, or external antenna. See your online User Guide for instructions.
- Know the Wi-Fi network name and password if you are using a wireless network to set up your TV.

Note: You can use a wired connection if your TV has an Ethernet jack. You cannot connect to Chromecast built-in with an LTE or 3G network. See your online User Guide for instructions.

2 Press ⊕(power) to turn on your TV. The Set me up screen opens.

- **3** Type *google.com/cast/setup* in the search bar of your device's browser. 4 Tap GET IT ON Google Play. 5 Tap INSTALL. 6 Tap OPEN.
- 7 Tap ACCEPT to agree to the Terms of Service and Privacy Policy. Note: If you have not turned on Wi-Fi on your device, a message tells vou to turn on Wi-Fi. 8 Tap TURN ON LOCATION
- 9 Tap ALLOW.

- 10 Your mobile device will now search for Cast TVs in range.
- 11 Tap CONTINUE after your device finds your Cast TV.

12 Make sure that the codes on your ▣ ▣ ᄅ ▣ ᄅ У 🔹 ३ 🛰 😤 🗠 📶 79% 🖹 11:17 / device and TV match, then on hromecast built-in TV setup vour mobile device, tap Í SEE THE CODE.
